BRIGHT HORIZONS | DOVER PLAZA

Located in the heart of Somerville's bustling Davis Square, this sunny build-out of former retail space became the nurturing environment for the energy and inquisitiveness of the center's preschoolers, toddlers, and infants. It features carefully colored playrooms, child-sized washroom areas, furnishings, individual cubbies, nap rooms, and activity exploration stations.

Staff members experience firsthand the well-lit office space, resource room, and custom-designed storage areas for diapers, craft supplies, snacks, and buggies. Science, art, and gym areas as well as many other amenities make this child care center a creative environment for early child development. ■
