JOURNEY HOME

Davis Square Architects proudly partnered with North Star Family Services on Journey Home, a new supportive housing community in Leominster. In keeping with North Star's continued commitment to putting families first, this innovative development offers 15 units of affordable, permanent housing for families impacted by homelessness — a meaningful step towards addressing the housing crisis.

The first-ever permanent supportive housing continuum in North Central Massachusetts, Journey Home is Enterprise GREEN Communities-certified, and features sustainable elements such as rooftop solar panels. Journey Home also provides ongoing supportive services from North Star staff to foster long-term stability for residents. ■
